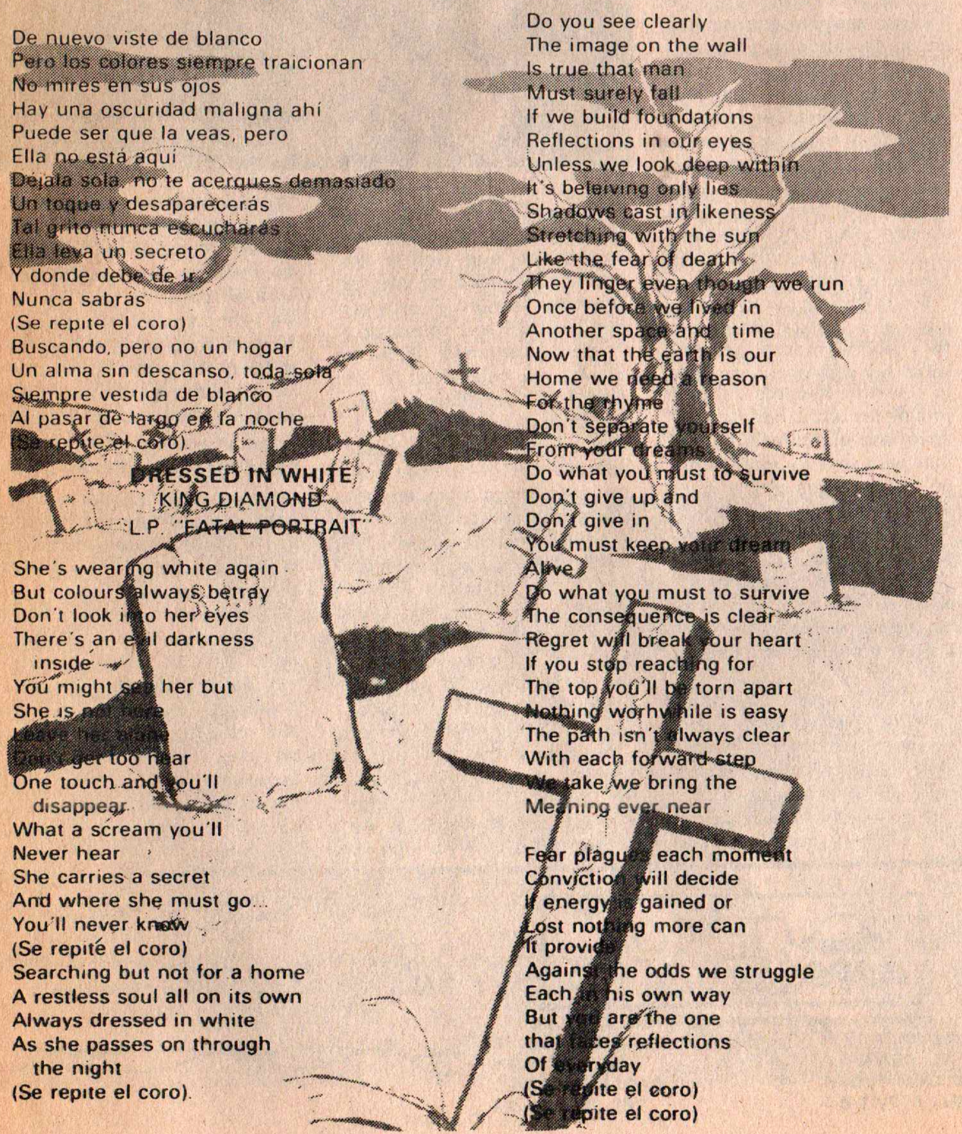
# CANCIONES DEL HEAVY METAL SUBTERRANEO



**VESTIDA EN BLANCO**
KING DIAMOND
L.P.: "FATAL PORTRAIT"

De nuevo viste de blanco
Pero los colores siempre traicionan
No mires en sus ojos
Hay una oscuridad maligna ahí
Puede ser que la veas, pero
Ella no está aquí
Déjala sola, no te acerques demasiado
Un toque y desaparecerás
Tal grito nunca escucharás
Ella lleva un secreto
Y donde debe de ir
Nunca sabrás
(Se repite el coro)
Buscando, pero no un hogar
Un alma sin descanso, toda sola
Siempre vestida de blanco
Al pasar de largo en la noche
(Se repite el coro).

**DRESSED IN WHITE**
KING DIAMOND
L.P. "FATAL PORTRAIT"

She's wearing white again
But colours always betray
Don't look into her eyes
There's an evil darkness
inside
You might see her but
She is not here
Leave her alone
Don't get too near
One touch and you'll
disappear
What a scream you'll
Never hear
She carries a secret
And where she must go...
You'll never know
(Se repité el coro)
Searching but not for a home
A restless soul all on its own
Always dressed in white
As she passes on through
the night
(Se repite el coro).

**AT ALL COST**
OMEN
L.P.: "THE CURSE"

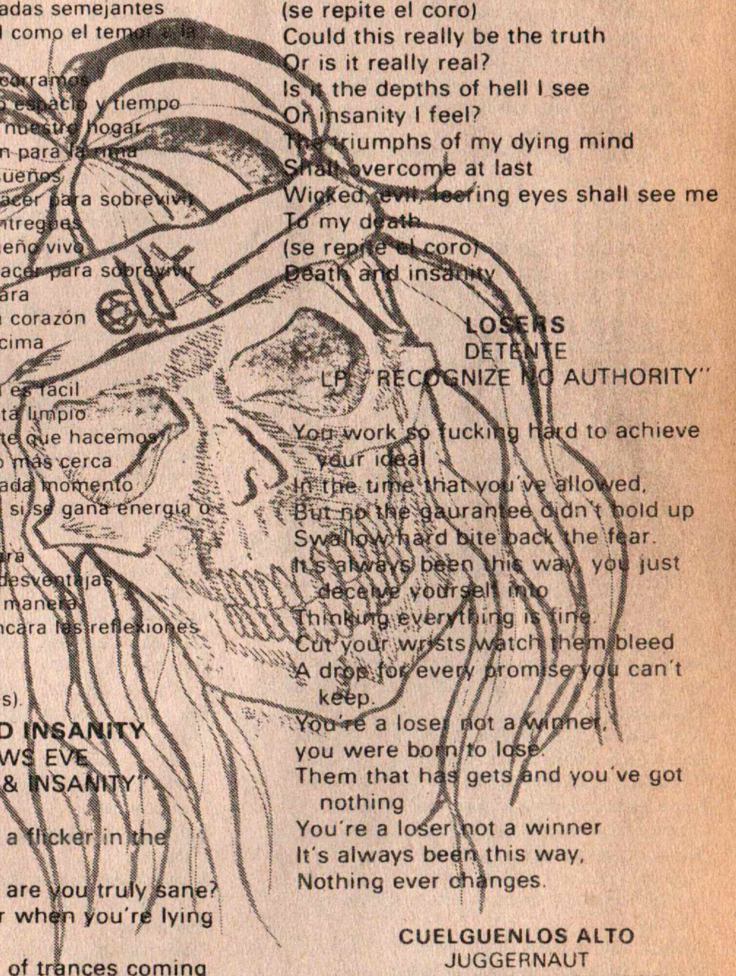
Do you see clearly
The image on the wall
Is true that man
Must surely fall
If we build foundations
Reflections in our eyes
Unless we look deep within
It's beleiving only lies
Shadows cast in likeness
Stretching with the sun
Like the fear of death
They linger even though we run
Once before we lived in
Another space and time
Now that the earth is our
Home we need a reason
For the rhyme
Don't separate yourself
From your dreams
Do what you must to survive
Don't give up and
Don't give in
You must keep your dream
Alive
Do what you must to survive
The consequence is clear
Regret will break your heart
If you stop reaching for
The top you'll be torn apart
Nothing worhwhile is easy
The path isn't always clear
With each forward step
We take we bring the
Meaning ever near

Fear plagues each moment
Conviction will decide
If energy is gained or
Lost nothing more can
It provide
Against the odds we struggle
Each in his own way
But you are the one
that faces reflections
Of everyday
(Se repite el coro)
(Se repite el coro)

**A TODA COSTA**
OMEN
L.P.: "THE CURSE"

¿Ves claramente la imagen en la pared?
Es verdad que el hombre ciertamente debe
caer
Si construimos fundaciones
Reflexiones en tus ojos
A menos que veamos muy profundo adentro
Es creer sólo a las mentiras
Las sombras son arrojadas semejantes
Alargándose con el sol como el temor a la
muerte
Se prolongan aunque corramos
Antes vivíamos en otro espacio y tiempo
Ahora que la tierra es nuestro hogar
Necesitamos una razón para la rima
No te separes de tus sueños
Haz lo que debes de hacer para sobrevivir
No te rindas y no te entregues
Debes conservar tu sueño vivo
Haz lo que debes de hacer para sobrevivir
La consecuencia es clara
El lamento romperá tu corazón
Si paras de buscar la cima
Serás despedazado
Nada que vale la pena es fácil
El paso no siempre está limpio
Con cada paso adelante que hacemos
Traemos el significado más cerca
Teme a las plagas a cada momento
La convicción decidirá si se gana energía o
Se pierde
Nada más proporcionará
Luchamos contra las desventajas
Cada uno a su propia manera
Pero tú eres el que encara las reflexiones
De cada día

(Se repite coro 2 veces).



**DEATH AND INSANITY**
HALLOWS EVE
LP: "DEATH & INSANITY"

Death and insanity, a flicker in the
flame
Death and insanity, are you truly sane?
Do you ever wonder when you're lying
in your bed
Deep dark thoughts of trances coming
Flying through your head
You know you're truly stable
But could your thoughts be the truth?
A horde off gropping parasites to haunt
You in your youth
(se repite el coro)
Sitting in the shadow of your stone
cold, padded cell
You dream the macabre dreams that
you have come
to know so well
Brain is pumping harder, and about to
hear the shriek
Of warriors weilding Demon swords
and Death is
What they seek
(se repite el coro)
Could this really be the truth
Or is it really real?
Is it the depths of hell I see
Or insanity I feel?
The triumphs of my dying mind
Shall overcome at last
Wicked, evil, leering eyes shall see me
To my death
(se repite el coro)
Death and insanity

**LOSERS**
DETENTE
LP: "RECOGNIZE NO AUTHORITY"

You work so fucking hard to achieve
your ideal
In the time that you've allowed,
But no the gaurantee didn't hold up
Swallow hard bite back the fear.
It's always been this way, you just
deceive yourself into
Thinking everything is fine.
Cut your wrists watch them bleed
A drop for every promise you can't
keep.
You're a loser not a winner,
you were born to lose.
Them that has gets and you've got
nothing
You're a loser not a winner
It's always been this way,
Nothing ever changes.

**CUELGUENLOS ALTO**
JUGGERNAUT
LP. "BAUTISMO BAJO FUEGO"

Sol rojo de verano quema las arenas
del desierto
La travesía del forajido a través de
tierras estériles.
Galopando rápido sobre caballo, sus
